

[2018]

Welcome!

Nerdlouvia is Louisville's only convention focused entirely on tabletop gaming. I know that you have a lot of choices for how to spend your time and money and I'm thrilled you have decided to spend it with us. This is the biggest event we have ever planned and there are more than 100 different game sessions for you to enjoy. We hope that over the next few days, you will make new friends, discover new games, and make memories that will last a lifetime.

Nerd Louisville is a 501(c)(3) charitable non-profit. Our mission is to make Louisville the most awesome nerd city in the universe by fostering a sense of community, providing a hub to connect local nerds, and promoting Louisville as a nerd destination. We seek to educate, inspire, and empower local youth. In pursuit of our mission, we created what we call Next-Gen Nerds, an initiative focused around the youth in our community and helping to cultivate the next generation of nerds in and around Louisville.

Over the last several years, Nerd Louisville has used the Next-Gen Nerds initiative to funnel books, boards games, and technology into the hands of those who need it most. We made a commitment to the Louisville community to use our time and resources to do as much good as possible and we work towards that goal every day. Major Next-Gen Nerds projects have included: sending students to a screening of Black Panther, stocking the shelves of the Louisville Free Public Library with game books, donating Chromebooks and S.T.E.M. materials to local schools, and sponsoring a trip for students at West End School to The National Underground Railroad Freedom Center in Cincinnati.

A large portion of the proceeds from this convention will go straight into our Next-Gen Nerds budget and we owe each of you a debt of gratitude we can never repay.

Adventure Awaits!

Louisville's Favorite Board Game of 2018

DUNGEONS & DRAGONS 5TH EDITION

The Granddaddy of All Roleplaying Games made a triumphant return in 2014 and has since only gained steam and momentum. The choice of Dungeons & Dragons might seem like an easy choice for most roleplayers, but as we have seen with prior editions, even D&D can be toppled by competitors.

The team at Wizards of the Coast have put together one of the most accessible versions of the classic game in decades and with a return to the cultural milieu, its popularity continues to rise.

TERRAFORMING MARS & X-WING 2.0

In the board game category this year, the results were a toss up between the Resource Management game by Jacob Fryxelius and the second edition of the Star Wars tactical miniatures game of epic space warfare by Fantasy Flight Games.

Both games are fantastic and board game fans can't go wrong with either option. We recommend picking the game that most suites your play style or, heck, go out and buy each of them for the best of both worlds!
